MURFREESBORO'S PROVIDER OF ALL THINGS
COOL AND WEIRD SINCE 2012

ALL RIGHTS RESERVED. ALL WRONGS REVERSED

FROM THE DESK OF CRINGEY, CEO AND JANITOR:

Welcome to the ever-so-anticipated HALLOWEEN issue of culture cringe. YOU, the reader, are interested in the curious, the unknown, the COOL. That is why you are here. Lots going on in the boro these days, but I wouldn't say there is a lot of GOOOD stuff going on. Unless you like 1 hour traffic jams (shout out to my south side mcmansion dwelling readers) and cool restaurants closing. Yes, while we are still mourning the loss of the Green Dragon, we have no option but to push forward and watch in amazement as the masses get super SUPER stoked at the opening of a Home Goods store. Costco is coming next, and rumor has it they're going to need to stock up on adult diapers for all the pant shitting mouth breathers that'll be there on opening day. I'll make sure to have my commemorative zine there for the masses on that day. It's gonna cost $75 a pop though (ca$h only--under the table). There is legitimately a business now in town that lets you throw axes just in case you have a game of thrones delusion of grandeur OR you need an excuse to get that rotator cuff surgery scheduled. I went to outer limits comics the other day and their $1 comic bin was off the charts! The cat cafe, Catfeine, is rad! A new car wash place upsold me on a membership so I'm making them pay for it by running the vampira-mobile through it twice a day. Sometimes thrice. There's a cbd store on every corner, it's the American dream! The best places to get Halloween decor is Michaels and Phillips general store in Bell Buckle. The Murfreesboro Pride event was off the charts! Someone keeps hot-rodding a loud ass motorcycle by my house EVERY evening at 6:47 on the dot. Summer sucked. Looking forward to winter cos it keeps the trump supporters away. Someone keeps buying all the diet dr. pepper at my local dollar general. I still wanna put on movie nights and get us all together. **NO snitches**. You KNOW what happens to snitches. There's a hill off john bragg hwy that I'm convinced is actually an ancient pyramid from like 25,000 years ago, and I'm scared to tell anyone because "they" might come and take me away.. and actually a black van just pulled into my drive.. and there's someone at the door now.. and I'm afraid I won't be able to fjiowavnasldiwjksxvnvjalxx
